#### 6. ANZ DIRECT ONLINE AUTHORISED SIGNATORIES (MUST BE ON ACCOUNT MANDATE)

Please list all individuals that will be authorising ANZ Direct Online transactions. Please specify whether an individual must authorise transactions with another individual (Joint) or can authorise transactions on their own (Single). If an individual signs jointly, they must be listed as Joint on all domestic and foreign currency accounts that they can authorise on. If an Authorised Signatory is to have access to all accounts listed in Section 2 and 5 of this application form, please tick All Accounts in the Accounts field. All future changes to the ANZ Direct Online Authorised Signatories must be advised via a secure mail request.

If you have Authorised Signatories who will need to approve credit card maintenance requests (but not have access to approve any payments) please insert 'credit cards only' in the Accounts field.

Each Authorised Signatory will be assigned the ANZ Direct Auth app (which is available on Google Play or the App Store<sup>1</sup>) to authorise transactions. Additional licences issued may incur extra charges. Please refer to Section 7 of this application form for more information.

Authorised Signatories who already have an ANZ Authorisation Device and authorise transactions for another organisation using ANZ Direct Online can choose to use the same device by completing the last two fields in the table below.

Please Note: Authorised Signatories are added as Users on ANZ Direct Online and allocated the "Default – Authoriser" role. Your System Administrator will need to create a new temporary password, assign additional access (if required) and provide the User ID and Password to the Authorised Signatory.
